Brothers from Andrews may the peace of our Heavenly Father be abundant in your lives, his eternal forgiveness is near to those that love him, may he be in your hearts today and always, that is my greatest desire and daily prayer for the church.

The following is to comment on what has been accomplished in this first month of the year, the first month being a month of initiations and many new things begin what better way than to start it with GOD and His Holy Spirit our guide and counselor. It was a cold month and a blessed month because we begin with new expectations and new challenges, in the name of our Lord and His Will we'll achieve, in His Will we submit.

I will begin by commenting that this past Sunday the 30th I was invited and attended a congregation in Zaragosa where we shared the Word of GOD. I shared a class named "THE VALUE OF A SOUL" a topic in which our Lord shows us how to see the lost with an incalculable value and shows us to love them and share with them the greatest we have which is the salvation by our Lord Jesus Christ.

This past month was also difficult because close to half of our congregation was affected by the illness by one form or another including my wife, but thanks to the Almighty who is our helper, she and most have gotten better. In the beginning of the pandemic no one had gotten sick and in just this month several were sick, but our Lord has delivered us to this day, so we are in debt with God. He takes us from triumph to triumph and to Him we give all the Honor and Glory.

We as a church have agreed to deed this property and the church would get better benefits, since every year we have to pay taxes on the property and this way we wouldn't. We have set goals and as a church we have accomplished with God's favor. We continue with our spiritual activities, visitations, reunions, study groups in homes with limitations, but always with prudence and the protection of our Great Pastor. With his help we will continue planting the seed of Life, trusting it gives Life to the dead.

Well brothers that is all for the moment. Thanking God for his care for us and all those that surround us, praying to God he continues multiplying your well-being, your health, your finances, but over all your salvation, remembering that when we most suffer is when He most consoles us.
