

Platinum sponsors of the 2014 ANZSNM Conference

InSight in conjunction with the ANZSNM are proud to present

Prof Peter Faulhaber presenting on:

Digital PET – Philips Vereos.

Prof Faulhaber is an invited guest speaker at the ANZSNM 2014 and this is an opportunity to hear him present in an intimate environment, prior to the conference.

Prof. Faulhaber is the Director of Clinical PET at Case Western Reserve University, USA and has over 34 years of PET industry experience with a passion for education in PET/CT imaging. Prof Faulber has been involved in the development of Digital PET/CT, Philips Vereos, which has features like PET and CT in a single gantry, 1-1 coupling, dramatic improvements in volumetric resolution, sensitivity gain and quantitative accuracy which are changing the PET environment.

Where: Peter MacCallum Cancer Centre, Lecture 3

When: Tuesday the 22nd of April 6.30pm

Technical Presentation by Dr Graeme O’Keefe will be followed by Prof Faulhaber
