

LEED 2009 for Commercial Interiors

MR CREDIT 6: RAPIDLY RENEWABLE MATERIALS

All fields and uploads are required unless otherwise noted.

ALL OPTIONS

This static sample form has been modified for offline access. All sections of the form are visible. Sample forms are for reference only.

Download, complete and upload the Materials and Resource Calculator (found under "Credit Resources") to document sustainable criteria values for MR Credits 3-7.

Upload L-10. Provide the complete Materials and Resource Calculator.

The content highlighted in yellow above is linked to MRc3.1, MRc3.2, MRc4, MRc5 and MRc7.

Provide the following information from "Tab C. Summary" of the Materials and Resource Calculator.

Table MRc6-1. Summary for Rapidly Renewable Materials

Sustainable criteria value of rapidly renewable materials	
Total materials cost (less sustainable criteria value for MRc3.1 and 3.2)	
Rapidly renewable materials value as a percentage of total materials cost (less sustainable criteria value for MRc3.1 and 3.2) <i>Must be at least 5% for 1 point, 10% for exemplary performance</i>	
Percentage of MRc6 materials with cutsheets provided (by cost) <i>Must be at least 20% to document credit compliance</i>	

The content highlighted in yellow above is linked to MRc4.

Upload MRc6-1. Provide cutsheets for 20% of the materials (by cost) to support rapidly renewable materials claims.

ADDITIONAL DETAILS

- ☐ Special circumstances preclude documentation of credit compliance with the submittal requirements outlined in this form.

SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload MRc6-SC. Provide any additional documentation that supports the claim to special circumstances. (Optional)

- ☐ The project team is using an alternative compliance approach in lieu of standard submittal paths and/or documentation.

ALTERNATIVE COMPLIANCE PATH

Describe the alternative compliance path used by the project team. Include justification that this path meets the credit intent and requirements. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload MRc6-ACP. Provide any additional documents that support the alternative compliance path approach. (Optional)

- ☐ The project team is using the above alternative compliance path to document exemplary performance of MR Credit 6.

SUMMARY

MR Credit 6: Rapidly Renewable Materials Points Documented:

MR Credit 6: Rapidly Renewable Materials Exemplary Performance Documented:

- ☐ The project team reserves one point in the Innovation in Design credit category for exemplary performance in MR Credit 6.
