

All fields and uploads are required unless otherwise noted.

ALL OPTIONS

This static sample form has been modified for offline access. All sections of the form are visible. Sample forms are for reference only.

- Select one of the following:
- ☐ HVAC&R refrigerants are included in the project scope of work.
 - ☐ HVAC&R refrigerants are not in the project scope of work.

Table EAp3-1. Refrigerants

Complete the table for all HVAC&R equipment included in the project scope of work.

HVAC&R Equipment Type	Manufacturer Name	Model Number	Refrigerant Used

Explain the use of CFCs in the LEED project scope, and include justification for how the intent of the prerequisite is being met.

Include any additional details about refrigerants contained in HVAC&R systems that serve the space. (Optional)
Note: The HVAC description narrative in PI Form 4 describes what HVAC&R systems are in the project scope of work.

ADDITIONAL DETAILS

- ☐ Special circumstances preclude documentation of credit compliance with the submittal requirements outlined in this form.

SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload EAp3-SC. Provide any additional documentation that supports the claim to special circumstances. (Optional)

Files:

- ☐ The project team is using an alternative compliance approach in lieu of standard submittal paths.

ALTERNATIVE COMPLIANCE PATH

Describe the alternative compliance path used by the project team. Include justification that this path meets the credit intent and requirements. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload EAp3-ACP. Provide any additional documents that support the alternative compliance path approach. (Optional)
