

# LEED 2009 for Retail: Commercial Interiors

## PI FORM 2: PROJECT SUMMARY DETAILS

All fields and uploads are required unless otherwise noted.

### PROJECT SPACE AREA AND GROSS SQUARE FOOTAGE

This static sample form has been modified for offline access. All sections of the form are visible. Sample forms are for reference only.

Number of separate, complete interior spaces attempting certification as part of this LEED Application:

Total project gross square footage:

 sf

Project total gross square footage must be greater than or equal to 250 square feet to meet the minimum program requirements.

Gross square footage undergoing initial fit-out:

Note: Initial fit-out is defined as the build-out of areas where there are no existing interior walls, finishes, etc

 sf

Gross square footage undergoing alteration

Note: Alteration is defined as the modification of areas with existing interior walls, finishes, etc

 sf

Gross square footage not undergoing initial fit-out or alteration work:

 sf

Sum of initial fit-out, alteration, and unchanged gross square footage:

 sf

The gross square footage numbers provided above must be consistent. Please enter values such that the total project gross square feet equals the sum of initial fit-out, alteration and unchanged gross square footage.

Percentage undergoing initial fit-out:

 %

Percentage undergoing alteration:

 %

Percentage not undergoing initial fit-out or alteration:

 %

Gross square footage of the building in which the project is located:

 sf

The gross square footage of the building in which the project is located must be greater than or equal to the total project gross square footage.

Project gross square footage as a percentage of the building in which the project is located:

 %

Year original building in which project is located was constructed:

### SITE CHARACTERISTICS

Total site area within the LEED project boundary, including project footprint:

 sf

Note: If project does not include site work, enter "0".

Project space area to site area ratio:

 %

The project space area to site area ratio must be at least 2% to meet the minimum program requirements.

Total site area of the building in which the project is located:

 sf

Total vehicle parking capacity (may include reserved off-site parking):

*Note: Does not necessarily equal the sum of employee parking plus customer parking. Parking spaces available to both employees and customers may be double counted.*

 spaces

Total number of parking spaces available to employees:

Parking available to employees may not exceed total capacity.

Total number of parking spaces available to customers:

Parking available to customers may not exceed total capacity

Total number of stories in project space:

Total number of stories in building in which project is located:

Project space levels may not exceed total building levels

☐ Project is located on a campus. (Optional)

Select one of the following:

- ☐ The project is part of a multi-tenant retail complex.
- ☐ The project is not part of a multi-tenant retail complex.

Total development building gross square footage:

 sf

## ENERGY AND WATER SOURCES

The project space is served by the following energy source(s):

- ☐ Natural gas
- ☐ Electricity
- ☐ Fuel oil
- ☐ Biofuels
- ☐ District or campus heating (steam or hot water)
- ☐ District or campus cooling (chilled water)
- ☐ On-site renewables (solar, wind, geothermal, etc.)
- ☐ Other

The project space is served by the following water system(s):

- ☐ Potable water - municipal system
- ☐ Potable supply - local well or surface water
- ☐ Gray or rainwater supply - municipal system
- ☐ Gray or rainwater supply - on-site
- ☐ Sewage - municipal system
- ☐ Sewage - local septic or other treatment
- ☐ Other

---

## BUDGET AND HISTORIC PROJECT DATA

Total estimated project budget:

\$

*Note: Estimated project budget includes all costs associated with design and construction work, including costs associated with LEED certification, labor, equipment, etc.*

The following information will be used for research purposes only and will not affect the review outcome.

- ☐ The project is located in a historic district. (Optional)

Name of historic district: (Optional)

- ☐ The building in which the project is located is on a historic registry. (Optional)

Name of historic registry: (Optional)

---

## ADDITIONAL DETAILS

- ☐ Special circumstances preclude compliance with the submittal requirements outlined in this form.

### SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

**Upload P1f2-SC.** Provide any additional documentation that supports the claim to special circumstances. (Optional)
