

LEED 2009 for Existing Buildings: Operations & Maintenance

MR PREREQUISITE 2: SOLID WASTE MANAGEMENT POLICY

All fields and uploads are required unless otherwise noted.

ALL OPTIONS

This static sample form has been modified for offline access. All sections of the form are visible. Sample forms are for reference only.

Performance period start:

Performance period end:

A Solid Waste Management (SWM) policy or third party contract which includes the project building and site was in effect over the performance period.

SIGNATORY	
Initial here:	<input type="text"/>

The SWM policy or responsible third party contract submitted for prerequisite compliance includes requirements of the waste management credits listed below as well as recycling of all mercury-containing lamps (project teams are not required to attempt these credits.) At a minimum, the policy must cover the waste streams that are within the building and site management's control.

- ☐ Recycling of all mercury-containing light bulbs.
- ☐ MR Credit 7: Solid Waste Management- Ongoing Consumables
- ☐ MR Credit 8: Solid Waste Management- Durable Goods
- ☐ MR Credit 9: Solid Waste Management- Facility Alterations and Additions

A SWM policy/responsible third party contract is required to document prerequisite compliance. The SWM policy must conform to the LEED 2009 for Existing Buildings: Operations and Maintenance Policy Model.

Upload MRp2-1. Provide the compliant Solid Waste Management policy or contract.

Select one of the following:

- ☐ The scope of the SWM policy includes waste management activities in only portions of the project building, which represent less than the entire building.
- ☐ The scope of the SWM policy includes waste management activities throughout the entire project building and associated grounds.

Summarize the portions of the building not governed by this policy and provide the reasons they are excluded (e.g., because they are occupied by tenants).

ADDITIONAL DETAILS

- ☐ Special circumstances preclude documentation of credit compliance with the submittal requirements outlined in this form.

SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload MRp2-SC. Provide any additional documentation that supports the claim to special circumstances. (Optional)

- ☐ The project team is using an alternative compliance approach in lieu of standard submittal paths and/or documentation.

ALTERNATIVE COMPLIANCE PATH

Describe the alternative compliance path used by the project team. Include justification that this path meets the credit intent and requirements. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload MRp2-ACP. Provide any additional documents that support the alternative compliance path approach. (Optional)
