

LEED 2009 for Schools New Construction and Major Renovation

MR CREDIT 2: CONSTRUCTION WASTE MANAGEMENT

All fields and uploads are required unless otherwise noted.

ALL OPTIONS

This static sample form has been modified for offline access. All sections of the form are visible. Sample forms are for reference only.

Unit of measurement:

Note: Units must be consistent throughout credit.

Table MRc2-1. Construction Waste Management

Complete the following table for all construction waste. For site-separated waste, list each waste type. For commingled waste, designate it as such using the drop down selection. Documentation is required for commingled waste only.

Construction Waste Description	Diverted or Landfill Waste	Commingled Waste		Total Waste	Hauler or Location
		Percentage Diverted [%]	Doc Provided		
			<input type="checkbox"/>		
Total percentage of construction waste diverted from landfill (%)					
Must be at least 50% to achieve 1 point or 75% to achieve 2 points					

If 100% of commingled waste is diverted from landfill, select "Diverted" in the "Diverted or Landfill Waste" column

I have reviewed the information above and it is accurate to the best of my knowledge.

Signatory
Initial Here: <input type="text"/>

☐ Land-clearing debris and soil have not been included in calculations.

Upload MRc2-1. Provide the project's Construction Waste Management Plan identifying the diversion goals of the project, relevant construction debris and materials diverted, implementation protocols, and parties responsible for implementing the plan.

Upload MRc2-2. For commingled waste provide documentation verifying the diversion rate of the waste. Documentation can be either a project specific diversion rate provided by the sorting facility or the average annual recycling rate for the sorting facility provided by the regulating local or state government authority.

ADDITIONAL DETAILS

- ☐ Special circumstances preclude documentation of credit compliance with the submittal requirements outlined in this form.

SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload MRc2-SC. Provide any additional documentation that supports the claim to special circumstances. (Optional)

- ☐ The project team is using an alternative compliance approach in lieu of standard submittal paths and/or documentation.

ALTERNATIVE COMPLIANCE PATH

Describe the alternative compliance path used by the project team. Include justification that this path meets the credit intent and requirements. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload MRc2-ACP. Provide any additional documents that support the alternative compliance path approach. (Optional)

- ☐ The project team is using the above alternative compliance path to document exemplary performance of MRc2.

SUMMARY

MR Credit 2: Construction Waste Management Points Documented:

MR Credit 2: Construction Waste Management Exemplary Performance Documented:

- ☐ The project team reserves one point in the Innovation in Design credit category for exemplary performance in MR Credit 2.
