

All fields and uploads are required unless otherwise noted.

ALL OPTIONS

This static sample form has been modified for offline access. All sections of the form are visible. Sample forms are for reference only.

Select one of the following:

- ☐ **Option 1. Preferred parking.** Preferred parking will be provided for low-emitting and fuel-efficient vehicles.
- ☐ **Option 2. Buses and Maintenance Vehicles.** Buses and maintenance vehicles serving the project will use natural gas, propane, or biodiesel, or be low-emitting and/or fuel-efficient vehicles.

OPTION 1. PREFERRED PARKING

Total vehicle parking capacity:

Number of preferred parking spaces reserved for low-emitting and fuel-efficient vehicles:

Preferred parking expressed as a percent of total parking:
(must be at least 5%)

A site plan showing all parking areas and highlighting the preferred parking, the designated carpool drop-off area for low-emitting and fuel-efficient vehicles, and the signage details is required to demonstrate credit compliance. The site plan below is a linked submittal. (If no document is present, upload a site plan which meets the above requirements.)

Upload L-2. Provide the site plan for the project.

Files:

Select one of the following:

- ☐ The site plan above satisfies these requirements.
- ☐ A different site plan is better suited to satisfy these requirements.

Upload SS4.3-1. Provide a site plan that satisfies the above requirements.

Files:

OPTION 2. BUSES AND MAINTENANCE VEHICLES

Select one of the following:

- ☐ Low-emitting and fuel-efficient vehicles are used.
- ☐ Alternative fuel vehicles are used.

LOW-EMITTING AND FUEL-EFFICIENT VEHICLES

Table SS4.3-1. Low-Emitting and Fuel-Efficient Buses and Maintenance Vehicles

Vehicle Group Name	Vehicle Description (Make / Model / Fuel Type)	Number of Vehicles in Group	Zero Emissions Vehicle(s)	ACEEE Green Score
			<div></div>	
Total vehicles				
Total compliant vehicles				
Compliant vehicles as a percent of total vehicles (must be at least 20%)				

Note: The table above must include all busses and maintenance vehicles serving the project.

ALTERNATIVE FUEL VEHICLES

Select one of the following:

- ☐ 20% of the on-site buses and maintenance vehicles are Alternative Fuel Vehicles.
- ☐ 20% of total estimated fuel consumption by on-site buses and maintenance vehicles is Alternative Fuel.

Table SSc4.3-2. Alternative Fuel Buses and Maintenance Vehicles

Vechicle Group Name	Vehicle Description (Make / Model)	Number of Vehicles in Group	Fuel Type
Total vehicles			
Total compliant vehicles			
Compliant vehicles as a percent of total vehicles (must be at least 20%)			

Note: The table above must include all busses and maintenance vehicles serving the project.

Table SSc4.3-3. Alternative Fuel Buses and Maintenance Vehicles

Vehicle Group Name	Vehicle Description (Make / Model)	Fuel Type	Average daily Fuel use (gal)	Number of Vehicles in Group
Total daily fuel use				
Daily alternative fuel use				
Daily alternative fuel use as a percent of total daily fuel use (must be at least 20%)				

Note: The table above must include all busses and maintenance vehicles serving the project.

ADDITIONAL DETAILS

- ☐ Special circumstances preclude documentation of credit compliance with the submittal requirements outlined in this form.

SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload SSc4.3-SC. Provide any additional documentation that supports the claim to special circumstances. (Optional)

Files:

☐ The project team is using an alternative compliance approach in lieu of standard submittal paths.

ALTERNATIVE COMPLIANCE PATH

Describe the alternative compliance path used by the project team. Include justification that this path meets the credit intent and requirements. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

Upload SSc4.3-ACP. Provide any additional documents that support the alternative compliance path approach. (Optional)

Files:

☐ The project team is pursuing exemplary performance of SS Credit 4.3.

EXEMPLARY PERFORMANCE

Note: Only 1 point is available for exemplary performance under SS Credit 4. Projects that are attempting exemplary performance for Double Transit Ridership under SS Credit 4.1 are not eligible for exemplary performance under this credit.

Select one of the following:

- ☐ **Option 1. Comprehensive Transportation Management Plan.** The project team has instituted a comprehensive transportation management plan that demonstrates a quantifiable reduction in personal automobile use.
- ☐ **Option 2. Double Transit Ridership.** The project team has demonstrated quadruple the transit service requirements of the credit in order to achieve double transit ridership.

Upload L-5. Provide a copy of the comprehensive transportation management plan including calculations or other evidence demonstrating a quantifiable reduction in personal automobile use.

Files:

SUMMARY

SS Credit 4.3: Alternative Transportation - Low-Emitting and Fuel-Efficient Vehicles Points Documented:

SS Credit 4.3: Alternative Transportation-Low-Emitting and Fuel-Efficient Vehicles Exemplary Performance Documented:

☐ The project team reserves one point in the Innovation in Design credit category for exemplary performance in SS Credit 4.3.
