

# LEED 2009 for Schools New Construction and Major Renovation

## WE CREDIT 4: PROCESS WATER USE REDUCTION

All fields and uploads are required unless otherwise noted.

This static sample form has been modified for offline access. All sections of the form are visible. Sample forms are for reference only.

No refrigeration equipment using once-through cooling with potable water is installed in the project building or associated grounds.

Signatory	
Initial here:	

☐ None of the following are installed in the LEED project building or associated grounds:

- garbage disposals
- water-cooled ice machines
- food steamers with boilers (boilerless steamers are permitted)

**Table WEc4-1.** Process Water Use Equipment

Equipment Type	Equipment ID	Make / Model	Water Use	Maximum Water Use	Units	Percent Reduction

Within the project, all appliances for at least 4 equipment types must not exceed the maximum water use. For any equipment type(s) defined as "Other," the project team must demonstrate the equipment achieves a 20% reduction in water use from a benchmark or industry standard.

**Upload WEc4-1.** For the "Other" Equipment Type(s), provide calculations and/or other documentation demonstrating the equipment achieves a 20% reduction in water use from a benchmark or industry standard.

## ADDITIONAL DETAILS

☐ Special circumstances preclude documentation of credit compliance with the submittal requirements outlined in this form.

## SPECIAL CIRCUMSTANCES

Describe the circumstances limiting the project team's ability to provide the submittals required in this form. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

**Upload WEc4-SC.** Provide any additional documentation that supports the claim to special circumstances. (Optional)

- ☐ The project team is using an alternative compliance approach in lieu of standard submittal paths.

## ALTERNATIVE COMPLIANCE PATH

Describe the alternative compliance path used by the project team. Include justification that this path meets the credit intent and requirements. Be sure to reference what additional documentation has been provided, if any. Non-standard documentation will be considered upon its merits.

**Upload WEc4-ACP.** Provide any additional documents that support the alternative compliance path approach. (Optional)

- ☐ The project team is using the above alternative compliance path to document exemplary performance of WEc4.
- ☐ The project team is pursuing exemplary performance of WE Credit 4.

**Upload WEc4-EP.** Provide calculations and/or other documentation demonstrating a projected process water savings of at least 40%.

## SUMMARY

WE Credit 4: Process Water Use Reduction Points Documented:

WE Credit 4: Process Water Use Reduction Exemplary Performance Documented:

- ☐ The project team reserves one point in the Innovation in Design credit category for exemplary performance in WE Credit 4.
