YOU can make the difference in 2008.

The 2008 elections are just around the corner. Democrats need your help to get the word out about how a Democratic president and Congress will improve the lives of Americans just like you.

We need Democrats everywhere to become Neighborhood Leaders.

This spring, the Party will give activists a suite of online tools to communicate with their neighbors in their own voice. Neighborhood Leaders will get targeted lists of their neighbors and political material to personalize and distribute.

If we build this program in every county, precinct and neighborhood, we will create a real ground game that will push our candidates to victory on November 4th. Sign up and take our country back.

Help us win the most important election of our lifetime. Join our 2008 team.
