### CAF to update world's largest model of Chicago with 16 new buildings using 3D printing techniques

Please RSVP to Nikki Snodgrass – [nsnodgrass@architecture.org](mailto:nsnodgrass@architecture.org) or 312.561.2162

**What:** CAF and its model-makers are adding 16 new buildings to the *Chicago Model*. CAF adds newly constructed buildings, removes demolished ones and makes alterations and repairs annually to ensure that this three-dimensional portrait of Chicago's downtown stays up-to-date and accurately reflects the architecture of the city.

Buildings being added to the model include *\*residential buildings are indicated by address:*

The Lillian and Larry Goodman Center (Roosevelt University Athletic Center)	501 S. Wabash Avenue
	1000 South Clark
British School Chicago at Roosevelt Collection	150 West Roosevelt
Hyatt Place	28 North Franklin Street
	151 North Franklin Street
One Eleven, (Waterview Tower)	111 W. Wacker Drive
	200 North Michigan
Maggie Daley Park	
Hilton Garden Inn	66 East Wacker Place
Chicago Riverwalk	
	150 North Riverside
River Point	444 West Lake Street
Lake Street Studios	727 West Lake Street
Wolf Point West Tower	316-326 North Orleans Street
Jones Chicago	220 West Illinois
AML I River North	401 N. Clark Street
	1345 South Wabash Avenue
18 Northwestern Memorial Outpatient Care	259 East Erie Street

The *Chicago Model* is the largest, most accurate model of downtown Chicago at 320-sq.-feet.

Columbian Model & Exhibit Works collaborated with CAF on the creation of the model in 2009, and performs all model updates.

**Who:** Chicago Architecture Foundation and Columbian Model & Exhibit Works

**When:** Tuesday, February 17  
11am to 5pm

**Where:** Atrium of the Santa Fe Building, 224 S. Michigan Ave.
