

Doesn't She Deserve a Less Painful Spay?

Ask your Veterinarian how a Laparoscopic Spay can offer your pet less pain, greater safety and a faster recovery.

Advantages of Laparoscopic Spays:

- The surgery is performed through tiny incisions
- It is less painful than a traditional spay
- It provides the surgeon a much better view
- Potential complications are reduced
- Your pet may be able to return home the same day
- Gastropexy can be performed at the same time
