All Pets Veterinary Hospital****Low Cost Vaccine Clinic

Please CIRCLE which vaccines you would like done today

Low cost vaccination clinics are offered at All Pets Veterinary Hospitals on
Wednesdays from 2:00-5:00 pm.

Your pet will receive a physical exam and vaccinations as listed below. We do not take appointments and it is on a walk-in basis. All that is required is you be here between the specified hours, have your pet properly restrained (cats in carriers and dogs on leash) and fill your paperwork out completely. If you have proof of previous rabies vaccine, please bring that with you. Rabies certificates are proof, tags do not count.

IF YOUR PET IS SICK, it will not receive vaccinations. We would be happy to see you and your pet for an appointment so you may speak about your pets' health with the doctor. All cats and dogs are required by the state of New Hampshire to have a current rabies vaccination, even if your pet does not go outside.
