

Pet Friendly Boarding Facilities 2011

The information below is provided as a resource to the public. It is not an endorsement of any facility as a Hurricane or Disaster Shelter, nor are they represented as County-approved shelters. The safest place for a pet during any disaster is to remain with its family. Shelters of any kind should be used as a last resort, and owners should ensure that any pet boarding facility that accepts their pets during a hurricane or other disaster will have staff who will remain with the pets during the hurricane or duration of the disaster.
