

Dr. Ross and Dr. Niebojeski both volunteer their services to care for the animals at The Hunterdon Humane Society. Dr. Niebojeski has been on the Board of Trustees since 1988. We provide free medical care and services for many of the sick and injured pets that the Shelter cares for. The Hunterdon Humane Society is a no-kill shelter located in Mount Pleasant, NJ.

The doctors also offer their medical services to a local wildlife refuge. Injured and orphaned wildlife are cared for at Woodlands Wildlife Refuge, with the goal of returning them to their natural habitat. We have cared for foxes, bears, bobcats, snapping turtles, raccoons, opossum, even a baby beaver.

Mr. Gimp, the Black Bear Cub

Here we have a photo of Dr. Niebojeski and a sedated Mr. Gimp, an injured black bear cub brought to us by The Woodlands Wildlife Refuge.

Another photo of Mr. Gimp saying good-bye as he sets off for freedom on his release day!
