

Thank you for using the drop off appointment service!

I am dropping my pet off for medical evaluation by the doctor(s) and staff of Parkdale Animal Hospital. Since the drop off service is intended for preventative/well pet care and minor illnesses only, I understand my pet may not receive medical attention for several hours (although your pet will be well supervised at all times and be given cuddles frequently). I release the doctors and staff of any liability, except in the case of negligence, associated with this visit.

I understand that **the doctor will call me** after the examination of my pet has been done.

I understand that **my pet will likely not be ready to go home before 3pm.**

I authorize the doctor and staff to use their professional judgment to perform basic diagnostic tests (ear swabs, parasite evaluations, blood/urine tests, x-rays, etc) and basic procedures (ear cleaning, wound care [not including surgery], vaccines, etc) without calling me first. I accept responsibility for the charges of said procedures.

As above, but request the doctor call me if the dollar amount will exceed: __

I wish to be called after the doctor's examination of my pet (examination fees apply) but before anything else is done. I understand that if I am unreachable, my pet may not receive any diagnostics and/or treatments today. If that is the case, my pet will have to come back another day at my expense.

The phone number where I can be reached today is: __
