---

### **Please read carefully and sign below.**

For the health of all our patients, boarding pets must have proof of current vaccinations and parasite screens administered by a licensed veterinarian. Your pet must also be free of external parasites. If fleas and ticks are noted upon arrival, your pet will be treated at your expense.

Requirements for all boarding patients are as follows:

Canine: Rabies vaccine: within the past 12 months (unless a 3-year-duration vaccine was given)  
DHLPP vaccine: within the past 12 months  
Bordatella vaccine: within the past 6 months  
Intestinal Parasite Screening\*: within the past 6 months

Feline: Rabies vaccine: within the past 12 months (unless a 3-year-duration vaccine was given)  
FVRCP vaccine: within the past 12 months  
Leukemia vaccine: within the past 12 months  
Intestinal Parasite Screening\*: within the past 6 months

*\*A prescription broad-spectrum deworming can substitute for the parasite screen.*
