- Heartworm test
- Health screen to check organ function and tests for anemia, infection, diabetes, and other hidden problems
- Urinalysis assesses the function and health of the kidneys and urinary bladder
- One Ear Cytology Test (detects Ear Infection)

Complete parasite prevention

- Twice-a-year deworming (roundworms & hookworms)
- 12 months of heartworm and flea preventative recommended (Once a month year round)

Adult Canine Disease Prevention Plan with Dental

Our Adult Dog Wellness & Dental Plan includes all of the services in our Adult Dog Wellness Plan plus a professional dental cleaning. Because 85% of pets over age 3 have dental disease, a professional dental cleaning will slow the progression of dental disease and treat the infection.

Our professional dental cleaning includes:

- A comprehensive physical and oral exam
- Preanesthetic health screen (part of wellness plan)
- I.V. catheter and fluids
- Anesthesia and monitoring equipment
- Oral examination of each tooth while the patient is under anesthesia
- Scaling above and below the gum line to remove plaque and tartar with an ultrasonic scaler and hand instruments
- 2 Dental X-rays as needed
- Polishing with a fine grit polish to smooth any minor defects on the tooth surface
- Fluoride treatment
- Grade 3 & 4 Cleanings and Extractions require additional fees
