

**Basic Manners 101
Enrollment Information**

At Docton Animal Clinic, we offer positive methods to giving dogs better manners. Our goal is to help owners have better relationships with their canine companions through positive reinforcement methods. Not only do we help teach dogs better skills, such as loose-leash walking, sit, auto-sit, down, stay, wait, leave it, etc., we teach owners how to better communicate with their pooch. We also offer exercises to help pets have better home manners.

Please fill out the following information to the best of your knowledge.

Owner Info
