Frequently Asked Questions

Question:

What is included in the Preventive Healthcare Plans?

Answer:

Plans include everything recommended by Newtown Veterinary Center for the aid in preventing illness, injury and chronic disease. This includes regular physical exams, office visits, vaccines, early screening diagnostics, consultations for proper nutrition, dental care, parasite prevention and more! Since they are not insurance, they do not include treatment for unpredictable or abnormal conditions, however discounts would apply.

Question:

Are the Preventive Healthcare Plans Insurance?

Answer:

No. We think they are better! Unlike insurance, where you pay for coverage you never use, our Preventive Healthcare Plans always provide the care we recommend to keep your pet healthy at a great value to you. They are affordably priced health care plans that can spread the cost conveniently over 12 months. See our comparison chart below for more details.

Preventive Healthcare Plans

Intended for preventive care use
Services may ALWAYS be used
Include free office visits and discounts on other services
Fees same for all pets in species, no deductibles or waiting periods
More like a "discount membership" with free finance option

Insurance Plans

Generally only covers treatment for illness and injury
Used only if there is a "covered occurrence"
Does not cover any pre-existing conditions
Monthly premiums vary based on breed, age (some breeds excluded)
Indemnity property coverage after deductible is met

Question:

How do I pay for a Preventive Healthcare Plan?

Answer:

Your healthcare plan can be made more affordable by spreading the cost with a monthly payment option under an annual agreement. Payment is arranged as 12 automatic monthly payments or one annual payment.

Question:

Can I use my plan for services that are not included in the plan?

Answer:

Plan discounts apply to all non-plan services and all products except for therapeutic diets. These discounts vary with chosen plan.

Question:

What happens if I want to cancel my plan?

Answer:

Plan services are provided at deep discounts under an annual agreement. Agreements may be cancelled at any time. However, if an agreement is cancelled before the end of its term, the client is responsible for the remaining payments on the plan or the full retail value for services or discounts used under the plan less payments received (whichever is less).
