

October is Grooming Month!

October 2011

Coming Soon: *Blueberry facials!*

Meet Lisa, Our Groomer!

Lisa became our professional groomer in 2008 and since then has built a huge following of grooming customers who rely on her expertise to groom the most demanding cats and dogs.

With an average of 8-14 pets a day on our grooming days, there isn't a breed she hasn't groomed. From big to small, shaggy to short-haired, she has groomed them all. Lisa loves animals and it shows in the superior grooming of the pets that visit her several days a week. Lisa also offers additional services to be added to her grooming including: a touch of color, nail filing, nail polish, toothbrushing, and deep coat conditioner!

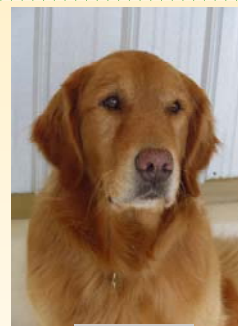

Call us for more information, quotes, or to schedule your pet's next visit to Lisa and our spa!
