# Care to Share Referral Program

**Thank you!** We strive to exceed your expectations and if we've succeeded, we hope you'll let your friends and family know about our practice. Many of you do this every day and we wanted to show our appreciation by developing this special program. Please consider passing along one of our Care to Share cards.

## Here's how it works:

If the friend or family member you refer becomes a client, you'll receive a thank you in the form of a reward. For each client you refer, you will both receive a \$25 credit towards your next visit.
