

ANESTHESIA-FREE DENTAL

At Martin Downs Animal Hospital, we have incorporated the services of Pet Dental Services (PDS) into our practice to help provide your pet with comprehensive dental care. In working with PDS, we are now able to offer anesthesia-free dental cleanings to dogs and cats in our hospital. Through a gentle, patient approach, your pet's teeth can be cleaned, polished and a thorough oral exam can be completed to check for diseases in the oral cavity. This service is now provided once a month at our hospital. Call us today to see if your pet is a candidate for an anesthesia-free dental cleaning!!
