Thank you for entrusting us with the care of your pet while you're away!

We will make every effort to provide your pet with the same loving care they receive at home. For your pet's protection, we have a few requirements. All vaccines must be current, including Bordatella (every 6 months). **If not up-to-date or unable to verify, vaccines will be given at the owner's expense.** It is our hospital policy that pets must be free of external parasites. Any pets found to have fleas or ticks will be treated at the owner's expense.

Your pet's accommodations include our specially designed kennels, condos, or runs suited to the size of your pet; feedings, which are once a day with Hill's Science Diet Maintenance Formulas (or if you prefer, owner-provided food); and fresh water will naturally be available at all times. Your pet's quarters are cleaned and sanitized at least twice a day, more often if necessary. Exercise will be provided twice a day in our outdoor runs. Pets in need of clean-up baths during their stay will get them as needed at the owner's expense. The hospital is not responsible for any belongings left with your pet.

****Please note during holidays or peak boarding times we may not be able to offer upgraded accommodations.****
