Faces of Joy

Simple unplanned moments occur multiple times during the day. Miss Judy and Mr. Joe reading the cards that school 19 made for us and Mr. Bob looking in one of reminisce boxes are two of those moments we were able to capture. We enjoy these unplanned moments with your loved ones!

Week in Review May 29-June 1st

Tuesday: Word ladders, geography trivia, simple science and a game of bingo with our friends from the Waters were on the agenda for today

Wednesday: Short stories, dot artwork, charades and keep it on the table were just a part of the fun at the house

Thursday: Fishing was the theme of the day! We fished for compliments, talked about different kinds of fish and even talked about what to catch

Friday: National Donut day was a success. We enjoyed donuts from Longs because of the generosity of our friends at the Altenheim. We talked about breakfast foods, spent some time outside in the sunshine and played a fun round of bingo
