Caregiver Newsletter

June 15, 2018 "Any man can be called father but it takes someone special to be a Dad"

Week in Review June 11-15th

Monday: Take me out to the ballgame! Our day was filled with a wide variety of baseball themed activities. It also included the monthly birthday party from our friends at Forest Creek Village.

Tuesday: Kitchen and cookies were topics of discussion for today. Guests made salt dough and artistic sculptures with the dough

Wednesday: Toss golf, talking about Dad, word mining and Dad jokes, tie decorating and a tie matching game were a portion of the day's events

Thursday: Red, white and blue were seen around the house today in celebration of flag day. Flag bingo, flag spinners, mixed up words, facts about the flag and a lively discussion of funny laws were a part of the day

Friday: Today we celebrated the men in our lives that we call Dad or Father. Word games, sharing advice and dad style wit were just a sample of the day's events.

A little bit of humor

Q: What did the grape say when it got crushed?

A: Nothing it just let out a little wine

I try to tell chemistry jokes but get no reaction

Faces of Joy

We always look forward to our once a month birthday party compliments of Forest Creek Village. The party includes a craft, balloons and cupcakes. Miss Harriet and Miss Sandy enjoyed the craft part of the party festivities this week.

Reminders

July attendance calendars are available on the desk. Don't forget to fill one out

Please make sure to apply sunscreen on your loved one to help prevent any one getting a farmer's tan

Caregiver Tips

If it's above 90°, people living with a life changing diagnosis should try and keep in mind the following tips:
STAY OUT OF THE SUN if possible. If possible, wait to go out until the sun starts to set or until early the next morning. Adjusting when you go outside could mean a difference of several degrees.

AIR CONDITIONING is your friend. Spend as much time as possible in air conditioned spaces.

STAY HYDRATED. Drink plenty of cool water, clear juices, and other liquids that don't caffeine.

DRESS APPROPRIATELY. Whenever you can, try wearing loose, light-colored clothes (dark-colored clothes absorb heat).

Joy's House serves families by providing exceptional adult day and caregiver services.
