RE: CAD-D-20-00280R2, entitled "Trends in reperfusion therapy for acute ST-segment elevation myocardial infarction in an academic PCI center in the metropolitan area of a developing country: Insights from the Jakarta Acute Coronary Syndrome registry"

Dear Dr Dharma,

It is a pleasure to inform you that your work has been accepted for publication in Coronary Artery Disease. All manuscript materials will be forwarded immediately to the production staff for placement in an upcoming issue.

We would like to offer you FREE access to the electronic table of contents (eTOC) to keep you updated on content of each issue of the journal Coronary Artery Disease, including the issue that will feature your publication. If you wish to sign up for eTOC alerts for Coronary Artery Disease, please do so at <http://journals.lww.com/coronary-artery/pages/etoc.aspx>

#### OPEN ACCESS

If you indicated in the revision stage that you would like your submission, if accepted, to be made open access, please go directly to step 2. If you have not yet indicated that you would like your accepted article to be open access, please follow the steps below to complete the process:

1. Notify the journal office via email that you would like this article to be available open access. Please send your Email to [tina.mazuzan@vtmednet.org](mailto:tina.mazuzan@vtmednet.org). Please include your article title and manuscript number.
2. A License to Publish (LTP) form must be completed for your submission to be made available open access. Please download the form from <http://links.lww.com/LWW-ES/A49>, sign it, and Email the completed form to the journal office.
3. **Within 48 hours of receiving this e-mail:** Go to <http://wolterskluwer.qconnect.com> to pay for open access. If you have not previously used this site to place an order, you will need to register for an account (your login will be different from your Editorial Manager login). When placing your order, you will be asked for the following information. Please enter exactly as shown:
  - a. Article Title - Trends in reperfusion therapy for acute ST-segment elevation myocardial infarction in an academic PCI center in the metropolitan area of a developing country: Insights from the Jakarta Acute Coronary Syndrome registry
  - b. Manuscript Number - CAD-D-20-00280R2

Thank you for submitting your interesting work to the journal.

With Kind Regards,

Dr. Ori Ben-Yehuda  
Editor-in-Chief  
Coronary Artery Disease

RE: CAD-D-20-00280, entitled "Trends in reperfusion therapy for acute ST-segment elevation myocardial infarction in an academic PCI center in the metropolitan area of a developing country: Insights from the Jakarta Acute Coronary Syndrome registry"

Dear Dr Dharma,

Thank you for submitting to CAD. Your paper is of interest but given the retrospective and single center nature of the analysis we cannot accept it as a full research paper. We would be willing to publish it as a Research Correspondence. The requirements for an RC are as follows:

1. Maximum 800 words
2. No abstract

3. Maximum One figure and one table

4. Maximum 6 references

5. Addressed "To the Editors:"

If you are willing to significantly revise the manuscript taking into consideration the suggestions of the reviewers, we will send the revised paper to either the original reviewers or to a second set of reviewers for their appraisal. Please include with your revised submission an itemized, point-by-point response to the comments of the reviewers. The revisions should be completed by Jul 19, 2020 to avoid being considered as a new submission.

For manuscripts where English grammar revisions are suggested and required per Reviewers and Editors, the Journal recommends the assistance of professional services. A selection of services may be found at the link: <https://wkauthorservices.editage.com/>

To submit a revision, go to <https://www.editorialmanager.com/cad/> and log in as an Author. You will see a menu item called "Submission Needing Revision." Please click on this item to obtain your submission record and begin the revision process.

#### **OPEN ACCESS**

If you would like your submission, if accepted, to be open access, please complete the following steps. An information sheet is available at <http://links.lww.com/LWW-ES/A48>.

1. A License to Publish (LTP) form must be completed for your submission to be made open access. Please download the form from <http://links.lww.com/LWW-ES/A49>, sign it, and submit the file as part of your revision (using the Attach Files submission step in Editorial Manager).
2. Upon acceptance of your submission, within your Acceptance decision letter will be a payment link to complete the open access process. The cost for publishing an article as open access can be found at <http://edmgr.ovid.com/cad/accounts/ifaauth.htm>.

With Kind Regards,

Dr. Ori Ben-Yehuda
