ABSTRAK

Penelitian ini bertujuan untuk menganalisis efektivitas kebijakan pencegahan dan penanganan kekerasan seksual di Universitas Prima Indonesia. Pencegahan dilakukan untuk menghindari, mengurangi resiko dan/atau konsekuensi terjadinya kekerasan seksual. Kekerasan seksual adalah suatu tindakan ketimpangan yang berakibat penderitaan psikis atau fisik. Kekerasan seksual di lingkungan Universitas menjadi persoalan yang serius dan ramai diperbincangkan. Metode penelitian yang digunakan adalah metode penelitian normatif. Hasil penelitian menunjukkan bahwa pencegahan yang dilakukan oleh Universitas Prima Indonesia terbilang cukup efektif dikarenakan hingga saat ini belum ada kasus kekerasan seksual di Universitas Prima Indonesia. Namun, dalam sosialisasi mengenai kebijakan pencegahan dan penanganannya masih terbilang kurang, sehingga perlu dilakukan sosialisasi dan pendidikan mengenai kekerasan seksual.

ABSTRACT

This study aims to analyze the effectiveness of policies for the prevention and handling of sexual violence at Prima Indonesia University. Prevention measures are implemented to avoid, reduce the risk of, and/or mitigate the consequences of sexual violence. Sexual violence is an act of imbalance that results in psychological or physical suffering. Sexual violence within university environments has become a serious and widely discussed issue. This study employs a normative research method. The findings indicate that the prevention efforts carried out by Prima Indonesia University are considered quite effective, as there have been no reported cases of sexual violence at the university to date. However, the dissemination of information regarding prevention and handling policies is still lacking, necessitating increased socialization and education on sexual violence.

Keywords: prevention, sexual harassment, university.
