- b) All tunneling, boring, or jacking shall be done in such a way as not to disturb the roadway surfacing.
- c) No pavement shall be cut unless specifically authorized herein.
- d) No excavation shall be nearer than four (4) feet to the edge of pavement unless specifically authorized herein.
- e) Underground facilities will be located at minimum depths as defined in the SCDOT's "Utility Accommodations Manual" for the transmittant, generally as follows: four (4) feet minimum for hazardous or dangerous transmittant, three (3) feet minimum for other lines.
