I am delighted to invite you to join our innovative Honors Program!

**Program Overview:** A close-knit community, honors students enjoy thought-provoking seminars, small classes, leadership opportunities, and community service experiences while receiving an annual \$1,500 scholarship.

\* In the first two years, honors students participate in discussion-based, one credit seminars. Each seminar is team-taught by faculty providing students with unique perspectives from academic areas as diverse as biology, history, legal studies, or psychology.

\* In junior and senior years, students pursue their academic interests through special projects or a thesis. Working one-on-one with their advisor/faculty mentor, students research, write and present on a topic of their choice.

### **Honors students are able to take advantage of:**

- \* Guaranteed merit awards up to \$76,000 over four years in addition to a \$1,500 annual honors scholarship;
- \* Honors Program courses that have an average class size of 15;
- \* Opportunities to attend honors social events, the Bay Path sponsored Women's Leadership Conference, special lectures, and other unique activities
