### WHY THE PLANTORY — The Value Add

The Plantory is way more than just cool space, no matter how inexpensive. What you get from being at the Plantory is the power of belonging, the intangible of pride,

visibility, energy, the dynamics and value of being around others you can connect with, learn from, and grow with towards a special common goal. We have planned and try to operate everything at the Plantory towards this end—building a stronger community of social change agents for a better world.

### WE ARE...

- Dog friendly
- Kid friendly
- Bike friendly
- Recycle friendly

### COMMUNITY SOLUTIONS

The Plantory is home to meetings, capacity-building workshops, information sessions and community events every month. Hundreds of people will come through the Plantory annually! They're gathering to grow their network, build their skills, and hatch new ideas for positive change in our community.

### INNOVATIVE SOLUTIONS

We started by creating the physical space—functional, whimsical, inviting and energizing. Next comes community. What begins as a group of people looking for a place to work becomes a community through conscious and careful animation. These layers form the basis for innovation!
