

BISQUE

BESPOKE RADIATORS
JANUARY 2018

Bespoke radiators

Many of Bisque’s customers have asked us for radiators that are taller, shorter, wider or narrower than those illustrated in our main catalogue. This ‘Bespoke Radiators’ catalogue has been produced to illustrate the unrivalled choice that Bisque has to offer.

We have limited the models listed in this catalogue to sizes that are reasonably practical in terms of passing through doorways and up staircases. However, some radiators are available in even larger sizes, so if you do not find the size you require, please contact our staff to discuss your requirements.

There are over 5,000 different radiator models listed in this catalogue and we have tried to tabulate them in a clear and logical way so that the ordering process is not too daunting. Our sales staff are always on hand to help you through the decision making process if you need any further help or guidance.

Prices and delivery times

There is no price premium for ordering a radiator from this catalogue, but you will have to wait for your radiator to be specially made to your requirements.

All the radiators listed in this catalogue are made to order, and the delivery time is usually 6 – 8 weeks.

Orders with a net order value under £100 are subject to a processing charge of £10 + VAT

Technical data

All outputs in this brochure have been determined according to EN 442 by independent laboratories and are shown at operating temperatures of ΔT=50K. If you have an output requirement in BTUs, divide your figure by 3.41 to convert it to Watts.

Outputs at different operating temperatures are available on request from our technical team.

All of our products are compliant with European regulations.

Warranty

All the central heating radiators listed in this brochure have a 5 year warranty. Warranties are subject to correct installation to current standards / water treatments and use.

Pipework connections, brackets and finishes

Our ‘Bespoke Radiator’ range gives you unrivalled choice, not just in the size of the radiator, but also, on some models, in the location of pipework connections (where the water flows in and out of the radiator) and a choice of fixing bracket. In addition, most of the radiators listed are also available in special finishes like aluminium, or one of over 2000 RAL or NCS colours.

Each radiator has designated standard pipe connections. Where there are alternatives these are illustrated. If you do not specify otherwise, you will receive the ordered radiator with standard pipe connections by default.

Each radiator also has a standard set of brackets. Some radiators have alternative brackets. If you do not specify otherwise, you will receive your ordered radiator with standard brackets by default.

Each radiator has a designated standard colour. If you do not specify an alternative colour or finish (if one is available) you will receive the ordered radiator in the standard colour by default. Full details of colours and special finishes can be found in the main Bisque catalogue.

Please note: the radiators in this catalogue are bespoke and so cannot be cancelled once manufacturing has begun. We cannot accept the return of non-stock goods. A complete copy our terms and conditions of trading can be found on our website at www.bisque.co.uk

Product codes

In this catalogue, models of the same size that also feature in the main catalogue are outlined in red. These are usually in stock, with the pipework connections, brackets and colour stated.

If you wish to order the stock model please use the model code listed in the main catalogue. If you use the Bespoke Radiator code you will have wait 6-8 weeks for it to be specially made for you.

How to order from this catalogue

Please provide the following information:

- Quantity (*how many radiators do you want?*) e.g. 2
- Product name e.g. Classic Model code (*as shown in the catalogue*) e.g. 4060, VJ-49 etc
- Length (*in mm*) e.g. 900mm
- Pipework connections* (*standard or specify*) e.g. Option 1
- Brackets* (*standard or specify*) e.g. Standard
- Colour/finish* (*standard or specify*) e.g. Anthracite Finish

A typical order could be:

2 of Classic 4060 x 900mm in Pure White (RAL 9010)

or

2 of Classic 4060 x 900mm, Pipework Connections: Option 1; Brackets: Option A; in Anthracite Finish

or

1 of Convector SS-14 x 2000mm, Pipework Connections: Option 1; Colour: NCS S 8020-R70B

** If no alternative is specified, the radiator will come with standard pipework connections, standard brackets and standard colour/finish*

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), anthracite finish, special finishes and colours

radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

models outlined in red are featured in the main Bisque catalogue, and are usually in stock in pure white (RAL 9010) or anthracite finish, with option 1 pipe connections and standard brackets

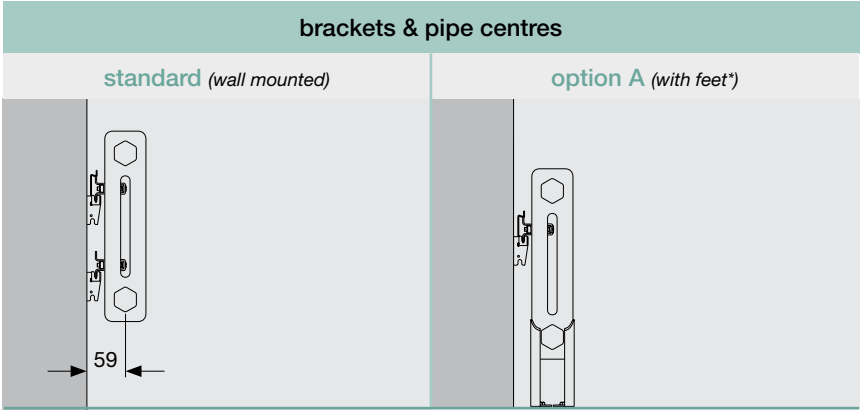

please note: stock models of vertical 2-column Classics listed in our main catalogue come as standard with option 1 (underside) connections but 2-column bespoke Classics come with standard connections (bottom opposite end connections) unless otherwise directed. If you want option 1 (underside) connections for any bespoke Classic, you must specify this when ordering.

prices listed are costs per radiator in pure white (RAL 9010) or traffic white (RAL 9016) with standard connections (bottom opposite ends) and standard brackets (wall mounted)

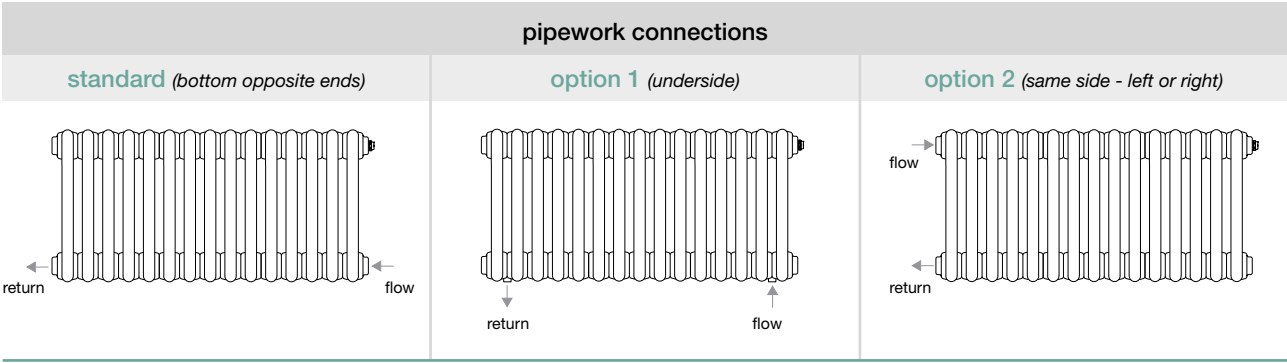

- connections: option 1 (underside) add £73 (not suitable for radiators with feet)
option 2 (same end) no extra charge
- brackets: option A (with feet) add £105 (one price for all sizes)

add 25% for colours

Have you considered...
We can also make curved and angled models to perfectly fit bay windows. Contact us for more information.

* radiators over 20 sections in length have an extra pair of feet, for support, halfway along the length

Classic: 3-column

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), anthracite finish, special finishes and colours

 radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

 models outlined in red are featured in the main Bisque catalogue, and are usually in stock in pure white (RAL 9010), anthracite finish, with standard pipe connections and Option A brackets

please note: stock models of 4-column Classics listed in our main catalogue come as standard with feet (option A) but 4-column bespoke Classics come as standard without feet. If you want feet for any bespoke Classic, you must specify option A brackets when ordering

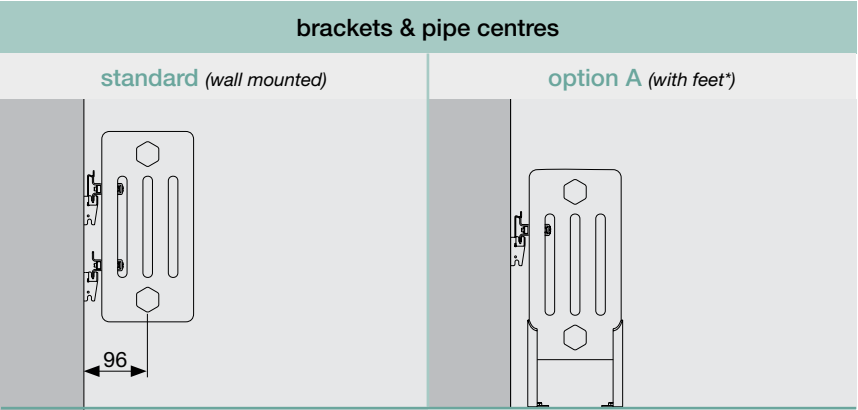

prices listed are costs per radiator in pure white (RAL 9010) or traffic white (RAL 9016) with standard connections (bottom opposite ends) and standard brackets (wall mounted)

connections: option 1 (underside) add £73 (not suitable for radiators with feet)
option 2 (same end) no extra charge

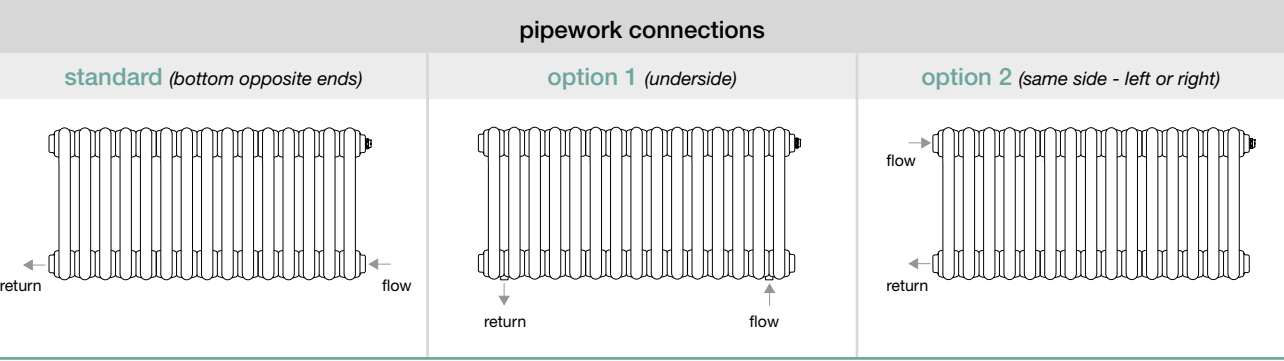

brackets: option A (with feet) add £105 (one price for all sizes)

add 25% for colours

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), anthracite finish, special finishes and colours

radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, please contact Bisque for more information

models outlined in red are featured in the main Bisque catalogue, and are usually in stock in pure white (RAL 9010), anthracite finish, with standard pipe connections and Option A brackets

please note: stock models of 6-column Classics listed in our main catalogue come as standard with feet (option A) but 6-column bespoke Classics come as standard without feet. If you want feet for any bespoke Classic, you must specify option A brackets when ordering

prices listed are costs per radiator in pure white (RAL 9010) or traffic white (RAL 9016) with standard connections (bottom opposite ends) and standard brackets (wall mounted)

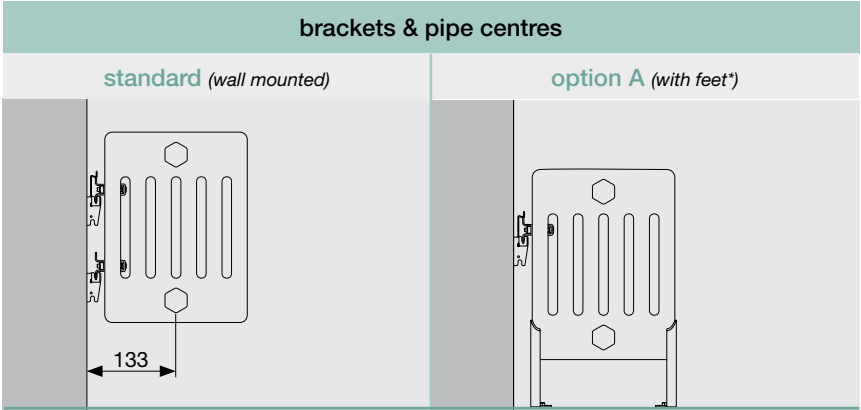

connections: option 1 (underside) add £73 (not suitable for radiators with feet)
option 2 (same end) no extra charge

brackets: option A (with feet) add £105 (one price for all sizes)

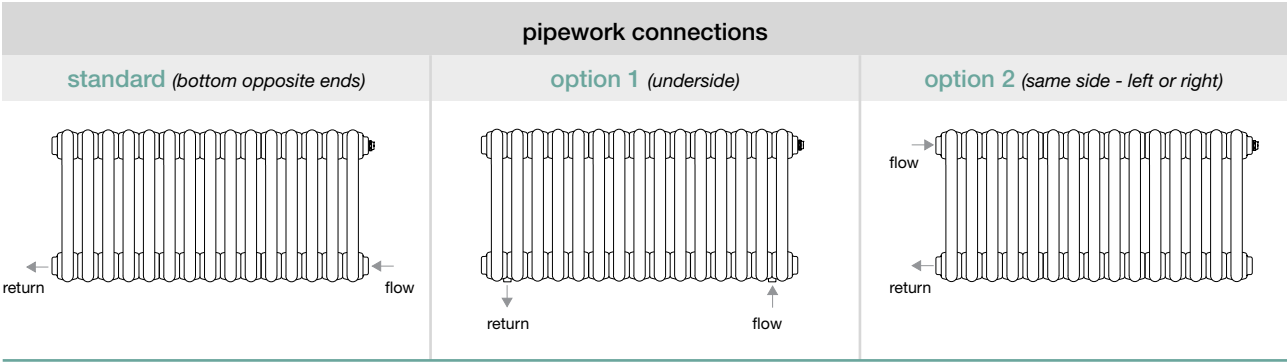

add 25% for colours

Have you considered...

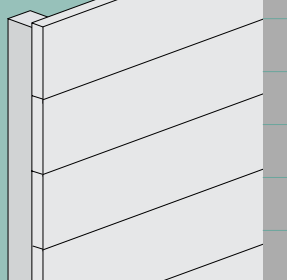

We can also make curved and angled models to perfectly fit bay windows. Contact us for more information.

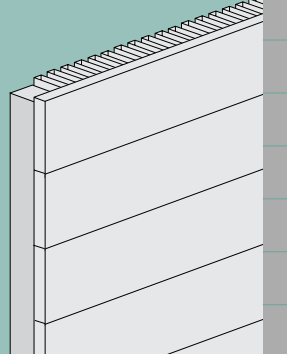

* radiators over 20 sections in length have an extra pair of feet, for support, halfway along the length

Decorative panel radiator: horizontal

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), aluminium finish, special finishes and colours

 radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

prices listed are costs per radiator in pure white (RAL 9010) or traffic white (RAL 9016) with standard connections (bottom opposite ends) and standard brackets

connections: option 1 (underside) no extra charge
option 2 (same end) no extra charge

optional grilles: prices listed in tables under each length

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), aluminium finish and colours

 radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

 models outlined in red are featured in the main Bisque catalogue, and are usually in stock in pure white (RAL 9010), with standard brackets and standard pipe connections for horizontal radiators of heights 500mm & 600mm and with option 1 connections for vertical radiators

please note: the stock models of 1500 and 1800 high Finns listed in our main catalogue come as standard with option 1 (underside) connections but bespoke Finns come as standard with bottom opposite end connections. If you want underside connections for any bespoke Finn, you must specify option 1 when ordering

| add 25% for colours | VAT @ 20% | 333.00 |
| | total | 1998.00 |

Finn: double

projection from wall to front face: 180mm

Have you considered...

We can also make curved and angled models to perfectly fit bay windows. Contact us for more information.

Colours and special finishes

We already have a wide range of colours that we believe complement most interiors, these can be found in the main Bisque brochure on pages 180-183. If your preferred finish is not shown we can arrange for some radiator models to be painted in a wide range of RAL and NCS colours (**price on application**) this includes the Arteplano, Classic, Finn, and Decorative panel shown in this brochure.

Colour matching service

We offer a unique colour matching service which allows you to match your radiators to popular paint ranges such as Farrow & Ball, Little Greene and Dulux. We can also match to other items such as wallpapers and kitchen cabinets. Please see the video on our website for inspiration.

All we require is a sample of the colour you want and we can then advise the closest match. There will be a small charge (< £10) to organise each proof but you can then be happy you have the precise colour.

Please see the tables on page 180-181 in the main Bisque brochure to see which radiator ranges can be colour matched. Price for the painting is available on application (it varies depending on the colour and product).
