

BISQUE

RADIATORS MADE TO MEASURE

JANUARY 2017

Radiators Made to Measure

Many of Bisque’s customers have asked us for radiators that are taller, shorter, wider or narrower than those illustrated in our main catalogue. This ‘Radiators Made to Measure’ catalogue has been produced to illustrate the unrivalled choice that Bisque has to offer.

We have limited the models listed in this catalogue to sizes that are reasonably practical in terms of passing through doorways and up staircases. However, some radiators are available in even larger sizes, so if you do not find the size you require, please contact our staff to discuss your requirements.

There are over 5,000 different radiator models listed in this catalogue and we have tried to tabulate them in a clear and logical way so that the ordering process is not too daunting. Our sales staff are always on hand to help you through the decision making process if you need any further help or guidance.

Prices and delivery times

There is no price premium for ordering a radiator from this catalogue, but you will have to wait for your radiator to be specially made to your requirements.

All the radiators listed in this catalogue are made to order, and the delivery time is usually 6 – 8 weeks.

Orders with a net order value under £100 are subject to a processing charge of £10 + VAT

Technical data

All outputs in this brochure have been determined according to EN 442 by independent laboratories and are shown at operating temperatures of ΔT=50K. If you have an output requirement in BTUs, divide your figure by 3.41 to convert it to Watts.

Outputs at different operating temperatures are available on request from our technical team.

All of our products are compliant with European regulations.

Warranty

All the central heating radiators listed in this brochure have a 5 year warranty. Warranties are subject to correct installation to current standards / water treatments and use.

Pipework connections, brackets and finishes

Our ‘Radiators Made to Measure’ range gives you unrivalled choice, not just in the size of the radiator, but also, on some models, in the location of pipework connections (where the water flows in and out of the radiator) and a choice of fixing bracket. In addition, most of the radiators listed are also available in special finishes like aluminium, or one of over 2000 RAL or NCS colours.

Each radiator has designated standard pipe connections. Where there are alternatives these are illustrated. If you do not specify otherwise, you will receive the ordered radiator with standard pipe connections by default.

Each radiator also has a standard set of brackets. Some radiators have alternative brackets. If you do not specify otherwise, you will receive your ordered radiator with standard brackets by default.

Each radiator has a designated standard colour. If you do not specify an alternative colour or finish (if one is available) you will receive the ordered radiator in the standard colour by default. Full details of colours and special finishes can be found in the main Bisque catalogue.

Please note: the radiators in this catalogue are made-to-order and so cannot be cancelled once manufacturing has begun. We cannot accept the return of non-stock goods. A complete copy our terms and conditions of trading can be found on our website at www.bisque.co.uk

Product codes

In this catalogue, models of the same size that also feature in the main catalogue are outlined in red. These are usually in stock, with the pipework connections, brackets and colour stated.

If you wish to order the stock model please use the model code listed in the main catalogue. If you use the Made to Measure code you will have wait 6-8 weeks for it to be specially made for you.

How to order from this catalogue

Please provide the following information:

- Quantity (*how many radiators do you want?*) e.g. 2
- Product name e.g. ClassicModel code (*as shown in the catalogue*) e.g. 4060, VJ-49 etc
- Length (*in mm*) e.g. 900mm
- Pipework connections* (*standard or specify*) e.g. Option 1
- Brackets* (*standard or specify*) e.g. Standard
- Colour/finish* (*standard or specify*) e.g. Anthracite Finish

A typical order could be:

2 of Classic 4060 x 900mm in Pure White (RAL 9010)

or

2 of Classic 4060 x 900mm, Pipework Connections: Option 1; Brackets: Option 1; in Anthracite Finish

or

1 of Convector SS-14 x 2000mm, Pipework Connections: Option 1; Colour: NCS S 8020-R70B

** If no alternative is specified, the radiator will come with standard pipework connections, standard brackets and standard colour/finish*

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), anthracite finish, special finishes and colours

radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

models outlined in red are featured in the main Bisque catalogue, and are usually in stock in pure white (RAL 9010) or anthracite finish, with option 1 pipe connections and standard brackets

please note: the stock models of vertical 2-column Classics listed in our main catalogue come as standard with option 1 (underside) connections but 2-column made to measure Classics come as standard with bottom opposite end connections. If you want underside connections for any made to measure Classic, you must specify option 1 when ordering

prices listed are costs per radiator in pure white (RAL 9010) or traffic white (RAL 9016) with standard connections (bottom opposite ends) and standard brackets (wall mounted)

- connections: option 1 (underside) add £70 (not suitable for radiators with feet)
option 2 (same end) no extra charge
- brackets: option 1 (with feet) add £101 (one price for all sizes)

add 25% for colours

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), anthracite finish, special finishes and colours

 radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

prices listed are costs per radiator in pure white (RAL 9010)
or traffic white (RAL 9016) with standard connections
(bottom opposite ends) and standard brackets (wall mounted)

- connections: option 1 (underside) add £70
(not suitable for radiators with feet)
option 2 (same end) no extra charge
- brackets: option 1 (with feet) add £101 (one price for all sizes)
(not available for chrome finish)

add 25% for colours

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), anthracite finish, special finishes and colours

 radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

 models outlined in red are featured in the main Bisque catalogue, and are usually in stock in pure white (RAL 9010), anthracite finish, with standard pipe connections and Option 1 brackets

please note: the stock models of 4-column Classics listed in our main catalogue

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), anthracite finish, special finishes and colours

 radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

	<i>example</i>	£
prices listed are costs per radiator in pure white (RAL 9010)	<i>1 x B5055 x 996</i>	
or traffic white (RAL 9016) with standard connections	<i>height 550mm length 996mm</i>	797.00
(bottom opposite ends) and standard brackets (wall mounted)	<i>bracket option 1 (with feet)</i>	101.00
connections: option 1 (underside) add £70	<i>subtotal 1</i>	898.00
(not suitable for radiators with feet)		
option 2 (same end) no extra charge	<i>beige quartz finish</i>	224.50
brackets: option 1 (with feet) add £101 (one price for all sizes)	<i>subtotal 2</i>	1122.50
	<i>VAT @ 20%</i>	224.50
add 25% for colours	<i>total</i>	1347.00

- outputs in watts (for BTUs multiply by 3.41)
- prices are excluding VAT
- standard colour: pure white (RAL 9010)
- also available in traffic white (RAL 9016), aluminium finish and colours

radiators in the hatched area are too heavy or unwieldy for one person to lift and are subject to special delivery arrangements, which may incur extra costs. Please contact Bisque for more information

 models outlined in red are featured in the main Bisque catalogue, and are usually in stock in pure white (RAL 9010), with standard brackets and standard pipe connections for horizontal radiators of heights 500mm & 600mm and with option 1 connections for vertical radiators

please note: the stock models of 1500 and 1800 high Finns listed in our main catalogue come as standard with option 1 (underside) connections but made to measure Finns come as standard with bottom opposite end connections. If you want underside connections for any made to measure Finn, you must specify option 1 when ordering

	example	£
prices listed are costs per radiator in pure white (RAL 9010)	1 x FN-70 x 915	
or traffic white (RAL 9016) with standard connections	height 700mm length 915mm	470.00
(bottom opposite ends) and standard brackets	connection option 2	0.00
connections: option 1 (underside) no extra charge	subtotal 1	470.00
option 2 (same end) no extra charge	titane finish	117.50
optional grilles: prices listed in tables under each length	subtotal 2	587.50
add 25% for colours	VAT @ 20%	117.50
	total	705.00

projection from wall to front face: 130mm
