Noah's Story

Nine-year-old Noah who attends Del Mar Hills Academy was diagnosed with osteosarcoma, a type of bone cancer. Noah's tumor was found in his skull, which is extremely rare for a child. He's undergone several surgeries that required blood transfusions. You can make a difference in the lives of patients like Noah. The difference in life is you!

When scheduling an appointment online, please log on to www.sandiegobloodbank.org, click on "appointments" and provide sponsor code: CDMS

Please eat a good meal and drink plenty of fluids before donating blood.
All donors must show proof of identification. Please pass this information on to a friend if you have given blood in the last eight weeks (16 weeks for double red cell donations).
