Dear 7/11 Committee,

As a parent/community member in the Del Mar Union School District I strongly urge that in at least one of the 7/11 Committee's proposals to the school board you omit the placement of a district office on a school campus.

I have appreciated the hard work and dedication that the 7/11 Committee has endured over the past few months. i am also grateful that the committee has carefully looked at all 8 campuses to determine what is the best scenario to meet the needs of the community. thank you for volunteering your time.

Sincerely,

Name

Ashley Falls Parent /Community Member"
