

Dear 7/11 Committee,

I want it to be known that we support proposal G.1 for the following reasons:

1. It will take special needs kids out of their neighborhood and therefore depriving them of the best opportunity for making friends with neighborhood children, something that can otherwise be quite difficult.
2. It will have a strong negative impact on our property value. Del Mar Hill was the reason we moved here. Having any sort of maintenance yard across the street will certainly discourage buyers when we sell.
3. The Heights can not accommodate the Hills students, further upsetting part of what we value most about this neighborhood: a neighborhood school.
4. The added danger of having all these student getting across Del Mar Heights Road makes no sense.
5. The savings to DMUSD would be slim and not justify the compromises it subject to us the families in this neighborhood.

Thank you,

Diana Rowland
