Mr. Ryan Stanley, Principal

---

October 2010

Dear Ocean Air Parents,

As we begin this new school year, I write to familiarize you with our Health Office and the schedule for vision and hearing screenings.

We have a Health Aide here from 7:45a.m. – 2:30p.m. each school day. This year we have two part-time Health Aides working in our health office at Ocean Air. Tina Kholos will be here on Monday, Tuesday and Wednesday and Heather Trust will be here on Thursday and Friday. Tina and Heather are CPR and First Aid Certified. I am a Registered Nurse with a school nurse credential. This year I will be at Ocean Air on Tuesdays. However, there is always a District Nurse available to assist in emergencies when I am not on site.

Each year the state of California mandates vision and hearing screenings for students. Therefore, all kindergartners and new students will have both their vision and hearing screened. All second and fifth grade students will have their hearing screened and all third and sixth grade students will have their vision screened. These screenings will take place throughout the school year. **If you do not want your child to participate in these screenings, please send a written note or email me at [lsmiley@dmusd.org](mailto:lsmiley@dmusd.org)**

Please keep the Ocean Air health office informed of any health issues with your child. If we can be of any assistance or if you have any concerns or questions, please contact us in the Health Office at 858-481-4040 ext 3994.

Thank you,

Lori Smiley RN  
District Nurse
