### ***St. Patrick's Day Fun Facts...***

St. Patrick's Day is an annual feast day celebrating the patron saint the day is named after.

St. Patrick's Day is the national holiday of Ireland and is usually celebrated on March 17.

St. Patrick's Day has become a popular holiday in the United States. People wear green and eat corned beef and cabbage.

The shamrock, pot-of-gold and leprechauns are also associated with St. Patrick's Day. The shamrock was worn as a badge on the lapel. Three is Ireland's magic number and the three petals that make up the shamrock are supposed to bring good luck.

The leprechaun is a small Irish fairy. He is dressed like a shoemaker, with pointed shoes and hat. He also wears a leather apron. Leprechauns are supposed to be unfriendly little men who live alone in the forest, spending all of their time making shoes and guarding their treasures. If someone catches a leprechaun, he will be forced to tell where he hides all his pots of gold. However, the leprechaun must be watched at all times. If his captor looks away, the leprechaun will vanish along with his treasure.

St. Patrick's Day has become a holiday all around the world and for one day out of the year anyone can be Irish and join in the celebration.
