School Mission and Vision

The mission of Ashley Falls School is to provide each child with a nurturing environment and an academically challenging curriculum that promotes:

- *Life-long learners**
- *Creative and critical thinking**
- *Personal academic achievement**
- *Appreciation for individual differences**
- *Responsible citizenship in a democratic society**

Ashley Falls Vision

Ashley Falls School is a nurturing, cooperative, learning environment that promotes responsible citizenship. In alliance with parents, community members, organizations and businesses we provide opportunities for learning and service in a setting that is a meaningful engaging setting for all learners. The Ashley Falls community embodies shared decision-making and creates a sense of belonging and ownership in our school. This foundation empowers children to become self-confident, intrinsically motivated, and successful life-long learners.

As a school community, we come together to provide an intellectually challenging, standards-based, integrated curriculum built on a solid foundation of fundamental skills, enrichment, and a broad base of knowledge. Students meet or exceed rigorous State Standards. Through a commitment to social, emotional, and physical well being there exists an environment that maximizes the development of each child. Each individual's strengths are nurtured and valued as a contributing member of the community.

The Ashley Falls staff is committed to working as a professional learning community to build a school of high achieving learners that fosters independence in a supportive environment. The staff members are knowledgeable, life-long learners who model creative problem solving through an interactive approach to curriculum development, student grouping, and instructional design. By providing access to and experience with state of the art resources, the staff and students develop strong skills in the utilization of technology as a tool to acquire, understand, and disseminate information.

The Ashley Falls School, united in a shared responsibility, ensures the success of every child. Every Ashley Falls Eagle will *Soar to Success!*

School Profile

Ashley Falls School opened its doors for students in August 1997. The beautiful campus is located amidst expansive new home development and is adjacent to a community park. The student and staff population has now stabilized after several years of growth in the area and subsequent boundary changes, staffing shifts, and administrative changes. The student population of 470 represents eight different ethnic groups and eighteen different languages. The culturally and linguistically diverse setting represents exemplary students who feel welcome and valued.

The Ashley Falls community of educators is united in their purpose of meeting the needs of every child, every day. The majority of Ashley Falls students enters school ready to learn and prepared for academic rigor and the entire staff demonstrates a strong commitment to academic excellence. Student success is ensured through rigorous academic standards, the use of standards-based curriculum and highly effective Professional Learning Communities (PLC). The continuous improvement in student performance is the result of ongoing professional development and high quality instruction.

The Ashley Falls theme *“Soaring to Success”* represents much more than academic proficiency. At Ashley Falls, the entire school community is also committed to providing an enriched, balanced educational experience for our students. While the concentrated efforts are focused on preparing students in reading, writing, and mathematics, opportunities for student learning extend beyond “the basics”. Students at Ashley Falls also participate in Extended Studies Curriculum (ESC) in art, music, technology, investigative science and physical education. These weekly enrichment classes provide students with the opportunity to discover and develop strengths and talents in many areas.

The Ashley Falls community is highly involved in the direction of the school. Expectations for success are clearly established in the school setting and supported by parents. Parental involvement is present daily in classrooms, through work on site leadership committees, through the financial support of the education foundation, and by participations in many events and activities.

Ashley Falls is a dynamic, fun, student-centered place to be. The community of staff, students, parents, and community members is committed to excellence and works to ensure a setting where students will thrive and develop socially, emotionally and academically. In spring of 2008, Ashley Falls School was recognized as a California Distinguished School by the State of California.

<p>5. Student Achievement Monitoring System</p>	<p>5.1 The school has an assessment and monitoring system (e.g., every 6-8 weeks curriculum-embedded assessments), which may include assessments available as part of the adopted program. These assessments inform K-6 teachers and the principal of student progress and effectiveness of instruction. These curriculum-embedded assessments are based on the adopted <u>reading/language arts program</u>. The purpose of these assessments is to provide timely data to teachers and the principal to make decisions that will improve instruction and student achievement. In addition, they will provide a basis for the monitoring system.</p> <p>5.2 The school has a similar assessment and monitoring system for the <u>mathematics</u> program.</p>	<p>In reading, writing, and mathematics, students are assessed with common grade level and/or District assessments a minimum of three times each year. These assessments occur at the beginning of each year, at mid-year and again at the end of the year. In addition, teachers utilize ongoing formative assessments to help determine student progress and for instructional planning. Students struggling academically as well as those who are English Learners, are assessed more frequently to monitor progress and determine instructional pathways. Student progress is formally reported at least three times each year using a district wide report card.</p>
<p>6. On-going Instructional Assistance and Support for Teachers</p>	<p>6.1 The school provides instructional assistance and support to teachers of <u>reading/language arts</u>. Some possible options include: coaches/content experts who are knowledgeable about the adopted program and who work inside the classroom to support teachers and deepen their knowledge about the content and the delivery of instruction, and specialists who have experience coaching teachers and who are knowledgeable about the adopted program.</p> <p>6.2 The school provides instructional assistance and support to teachers of <u>mathematics</u>. The possible options are the same as above with specialists in mathematics.</p>	<p>Colleagues at all grade levels support one another in a variety of ways. They confer regarding multiple measure assessments to help determine students' areas of strength and areas requiring support. Based on student data, colleagues then work together to develop an instructional plan designed to support the child at their instructional level and move them closer to meeting or exceeding grade level proficiency. Other teacher mentors act as liaisons between district level committees and the school site. These teachers share information relevant to the continuous development of effective instructional practices with the Ashley Falls staff during predetermined site PLC collaboration meetings</p>

<p>7. Regular Collaboration by Grade Level or Department for Teachers</p>	<p>7.1 The school facilitates and supports K-6 teacher and grade level collaboration in order to plan and discuss lesson delivery (based on the curriculum-embedded assessment data) for the adopted program in <u>reading/language arts</u> (e.g., use of regularly scheduled meetings focused on lesson delivery [preferably two, one-hour monthly meetings]).</p> <p>7.2 The school facilitates and supports K-6 teacher and grade level collaboration in order to plan and discuss lesson delivery (based on curriculum-embedded assessment data) for the adopted program in <u>mathematics</u> (e.g., use of regularly scheduled meetings focused on lesson delivery).</p>	<p>The structure of the Ashley Falls instructional day is designed with success in mind. Working as a Professional Learning Community is the manner by which purposeful dialogue occurs between and among grade levels. During weekly grade level collaboration time and twice monthly school wide collaboration time, staff members are able to examine data and plan differentiated lessons based on student need. School schedules are coordinated among all specialists, special education and grade level teams. This coordination maximizes in-class instructional time and allows for greater flexibility of student groupings. During collaboration time, professional development needs are also identified and addressed.</p>
<p>8. Lesson Pacing Schedule</p>	<p>8.1 The school/district prepares and distributes an annual district/school wide pacing schedule for each grade level (K-6) for the <u>reading/language arts</u> program in order for all teachers to know when each lesson is expected to be taught and in what sequence, to ensure content coverage.</p> <p>8.2 The school/district prepares and distributes an annual district/school wide pacing schedule for each grade level (K-6) for the <u>mathematics</u> program in order for all teachers to know when each lesson is expected to be taught and in what sequence, to ensure content coverage.</p>	<p>The District has provided a pacing guide for all curricular areas, which was last updated in August 2004.</p> <p>In 2009, grade level representatives from all DMUSD schools began meeting to determine essential standards at each grade level. Essential Standards are identified as those State Standards, which students must master in order to be successful at the next grade level.</p> <p>Work to create and pilot benchmark assessments aligned to the essential standards is currently underway.</p>
