

* Enrollment/Facility Optimization
Committee Report

* Option Areas:

- Designated areas where families will have the option of attending their choice between two schools based on capacity available at each facility.
- Once a student is enrolled in an option area school they will have resident status at that school.
- The District will make every attempt to place children at these option partner schools.
- If there is no room at either school, a family may select any other school where there is space available.

* Flexibility and Choice

* Flexible Facility

 **Designated
Overflow School**

* Overflow Schools:

- Schools with boundaries adjacent to impacted schools.
- Provide space for families who are not able to attend impacted home school.
- Once a student is enrolled in an overflow school they will have resident status at that school.
- If there is no room at either school, a family may select any other school where there is space available.
