

Akron BMX

For over 43 years, Akron BMX has provided the youth and families throughout North Eastern Ohio a fun filled recreational sport that promotes responsibility, character building and family togetherness. Many Akron riders have gone on to become some of the fastest riders in the state of Ohio, the nation and around the world. Since 2008 when BMX became an Olympic Event, many Akron riders train and aspire to be future Olympians.

The organization was founded in 1981, as Stow BMX and incorporated as a non-profit (501C3) youth sport organization in Stow, Ohio. It quickly became a first class BMX facility that started a long and proud history. After the 1984 season, the track was demolished to build Stow High School. The volunteer association partnered with the City of Akron, and in 1985 Akron BMX began operations at our current location 800 Derby Downs Drive Akron, Ohio.

Every year Akron BMX hosts over 30 events including the annual Ohio State Race Qualifier. Other recent major events, awarded to Akron BMX through our parent company, USA/BMX, include the annual Ohio State Championship Final, Buckeye National, Stars and Stripes Pro National, Gold Cup qualifiers and Gold Cup Finals. Since 2013 Akron BMX has been recognized through USABMX as a Top 10 East Track.

Akron BMX is proud to partner with local, regional and international companies looking to increase their brand awareness while also supporting young athletes.

Akron BMX continues to embrace the needs of our community. We offer various levels of sponsorship opportunities. We invite you to be a part of a winning team and the future of BMX in Akron. If you have any questions, please do not hesitate to contact us. Thank you in advance for your consideration of our request.
