CSF and NASC are the most respected and trusted hunting and fishing organizations in the political arena. With support from every major hunting and fishing organization, we are the leader in promoting sportsmen's issues with elected officials. CSF works directly with the bi-partisan Congressional Sportsmen's Caucus in the U.S. Congress; NASC works with affiliated state sportsmen's caucuses in state legislatures around the country.

If the \$76 billion that sportsmen spend on hunting and fishing were the Gross Domestic Product of a country, sportsmen as a nation would rank 57 out of 181 countries.

| PARTICIPATION | SPENDING | JOBS | SALARIES/WAGES | FEDERAL STATE & LOCAL TAXES |
|----------------------|--------------|-------------|----------------|-----------------------------|
| Sportsmen 34 million | \$76 billion | 1.6 million | \$60 billion | \$25.6 billion |

| Hunters 12.5 million | \$23 billion | 600,000 | \$21 billion | \$9.2 billion |

Every single state makes a contribution through revenue, taxes, and jobs. Here are the facts on California's anglers and hunters.

The majority of all sportsmen consider themselves "likely voters" and 8 in 10 say that a candidate's position on sportsmen's issues is important in determining for whom they will vote.

If all hunters and anglers living in California voted in the 2004 presidential election, they would have equaled 17% of the entire vote.
