Dear Chaska Residents, Employees and Visitors,

My name is Marshall Grange and I want to introduce myself as your new Parks and Recreation Director for the City of Chaska. To be able to serve you and the community in the years to come is an honor and I am excited to build upon the small-town community pride and quality of life here in Chaska.

My wife, Heidi, and I live in Lakeville and we have two daughters; Gabby who is in 7th grade and Savannah who is in 5th grade. We are an active family that enjoys a wide variety of recreational activities. We also have a dog, Gunner, who is a Vizsla, and is ALWAYS excited to play...if only we all had his same energy!

I am blessed to have a talented and passionate staff who put together amazing opportunities for you to explore this upcoming spring and summer. New seasons always bring about excitement and anticipation, so I encourage you to create your summer bucket list and try some new programs, visit new parks, go to a Cubs ball game, take golf lessons, try curling, visit the Community Center and attend our community events to connect with your neighbors. The options are numerous!

I look forward to meeting you out in the community, however, feel free to contact me via phone or email with any ideas or suggestions you have for our Parks and Recreation department. My number is (952) 227-7758 and my email is mrange@chaskamn.com.

Sincerely,
Marshall Grange
Parks and Recreation Director

How do I try curling? A great way to get involved with curling would be a learn to curl class. These two hour classes cover rules, etiquette, sweeping, and on-ice practice of proper delivery and sweeping techniques. We ask that those new to the game participate in a learn to curl class before using the ice or playing in leagues.

Is this like bowling, can we rent a sheet of ice? Curling ice and equipment is very specialized and expensive. Damage to the ice, hacks, and rocks can and does happen when inexperienced curlers step on the ice. On top of that, we don’t want people going out on the ice and getting hurt. We ask that people with no curling experience participate in a learn to curl class or a group lesson before using our practice ice. It will make for a much more enjoyable experience.

The leagues look fun, how do I get involved? The spring and summer is a great time to get involved in curling. We are one of only a few facilities in the country that offer year-round ice. Spring and summer leagues are 7 weeks long and the cost is cheaper as our memberships are pro-rated. It is not a big time commitment as the season is shorter than that of our winter leagues. We would ask that new curlers participate in a beginner league. Our open leagues will have more experienced curlers looking for more competitive games.

This looks like a fun activity for my coworkers. Do you offer company parties? We host corporate team-building curling lessons almost every day. The best times to book are Monday–Friday during the early afternoon. We provide a quick off-ice lesson on the game including rules and scoring and then work with you on the ice. Your group will have a great time learning about and playing the game. No curling experience is needed. We have instructors on the ice the entire time to make sure you are having a great time. Catering options are available through the Crooked Pint and meeting space is available in our 40 person lounge or 300 seat Event Center.

**BREAKAWAY ACADEMY**

**Grades 5 to 8**

Breakaway Academy, located in the Chaska Community Center, was founded by former University of Minnesota hockey players Dave Snuggerud and Andy Brink. Breakaway Academy is a new innovative way of learning, by combining academic schooling and hockey training all in a typical school day.

The Academy has a traditional classroom setting being taught by experienced, licensed teachers. Our small class sizes are limited to 15 students that allow our student athletes to be a part of a rigorous, efficient academic program which also allows time for hockey training during the traditional school day. Breakaway is now accepting enrollment for the 2018-19 school year. For more information visit [www.breakawayacademy.net](http://www.breakawayacademy.net) or give us a call at (952) 227-7794.

Holistic and Nutritional Health Coaching, and Personal Training

A Health Coach is a supportive mentor and wellness authority helping clients feel their best through food and lifestyle changes. This is done by tailoring individualized wellness programs to meet their clients’ needs.
Relationships, exercise, career and life situations are just as important to your health as the food you eat. As a Health Coach, I understand this and take a holistic approach to supporting the whole person.

In our sessions, we will work together to figure out your personal health and wellness goals and how they intersect and affect you holistically. We will then develop strategies to overcome them. Examples of this could be weight loss, reduce stress, sleep better or lower the risk of chronic health issues or injuries. Each session is 45 minutes in length. Chaska High School Capstone Art Show

APRIL 5–27

This diverse body of original work is created by Chaska High School students who have participated in three consecutive levels of an art discipline of their choosing. At CHS, students can elect to study Ceramics, Design & Digital Art, Digital Photography, Drawing & Painting, and Global Arts & Jewelry. In each course, they learn content-specific techniques while exploring and developing artistic concepts. Each student within the Advanced level of these courses selected their favorite artwork that they have created during high school. Their goal is to receive peer and community feedback to help inform and refine their artistic process. Our school, art department, and art students look forward to sharing these creative works with the public!

Artists of Carver County

JUNE 1–30

The Arts Consortium of Carver County presents its 4th Annual Artists of Carver County Expo. The show will open June 1 and run through the end of June. It is a juried event, highlighting the best visual art from throughout the County.

ARTIST

Paul Laube

JULY 2–28

Paul Laube is a 12 year old resident of Chaska. He was diagnosed with autism when he was three and a half years old. He started painting after his fourth grade art teacher realized Paul was using colors to communicate. He loves to paint because it represents a way to express himself and relax. He enjoys the freedom that abstract water coloring gives him, because there are no expectations to be met or wrong answers to be given. His art is a unique creation just like himself. He wants to share his art with others to help change the stigma and stereotypes that surround those with autism. People with autism have many talents and Paul hopes the world will start appreciating them.

ARTIST

Gretchen Burau

AUGUST 1–28

Gretchen is a professional artist, an art history instructor at the University of St. Thomas, and a longtime employee of the Minnesota Landscape Arboretum (MLA) where she finds inspiration for her work. Her artistic goal is to create a visual record of MLA plants and gardens, which are subject to change due to environmental factors. She hopes to share her love of the Arboretum and nature through paintings and drawings. Gretchenwagenerburau.com

Reach for Resources provides inclusion facilitators for children and adults with disabilities who would like to participate in any of our programs. Registration for these is standard procedure through www.chaskacomunitycenter.com or at our CCC front desk. For special needs questions and inclusion requests, please contact Joan at (952) 227-7760.
