

# Immigrants in Massachusetts, 2010-2014

**iDod: Fact Sheets with Data on Immigrants, Customized For You, For Free.**

**Most Common Year of Entry among Immigrants in Census Tracts of Massachusetts**

## Top Ten Most Common Languages among Immigrants in Massachusetts

Languages	Percent
Spanish	21%
English	18%
Portuguese	12%
Chinese	6%
French or Haitian Creole	5%
Russian	3%
Vietnamese	3%
Arabic	3%
French	2%
Hindi	2%
All Other Languages	25%
<b>Estimated Immigrant Population Age 5 and Older</b>	<b>1,020,524</b>

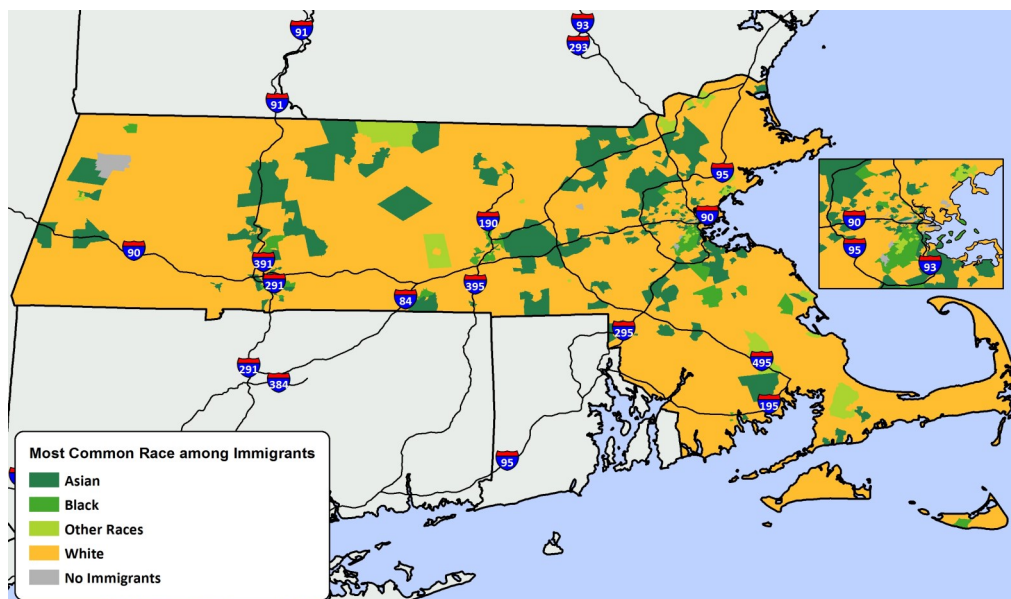

The map above presents the most common year of entry among immigrants in Census tracts of Massachusetts. In dark green tracts, the largest proportion of immigrants arrived before 1990. In light green tracts, the largest proportion of immigrants arrive after 1990. In orange tracts, the largest proportion of immigrants arrived in 2010 or later.

Note that light green Census tracts are clustered around the city of Boston. There are also some orange tracts near the city. This indicates that immigrants who live near Boston arrived in relatively recent years, and may relate to recent growth of the urban and suburban areas.

The largest three communities of immigrants in Massachusetts speak Spanish, English, and Portuguese. There are also more than 91 languages spoken by immigrants in Massachusetts that represent the remaining 25% of speakers.

## ABOUT THE INSTITUTE FOR IMMIGRATION RESEARCH

IIR works to refocus the immigration conversation among academics, policy-makers and the public, including the business community and media, by producing and disseminating unbiased and objective, interdisciplinary academic research related to immigrants and immigration to the United States. The Institute for Immigration Research is a joint venture between George Mason University and the Immigrant Learning Center, Inc. (ILC) of Massachusetts.

## IMMIGRATION DATA ON DEMAND (iDod)

The iDod service is offered free of charge to help individuals and institutions examine the immigrant populations of their particular geography. Recipients of this data will see how immigrants provide vital contributions to the economy and society of the U.S. Ultimately, the goal of the iDod project is to create collaborations and connect people with data from their particular region or sector of interest on immigrant populations.
