

OUR HEARTS STILL BURN

VERSE 1 **F** **Dm** **F** **C** **Bb**
Faded hope and grim despair, on the day of the murdered king
 F **Dm** **Bb** **C** **F**
Foolish minds and unbelief, could not grasp what the prophets sing
 Bb **F** **Dm** **Bb**
Did not Jesus have to suffer, enter glory through agony?
 F **Dm** **Bb** **C** **F**
Then the king unpacked his Word: Their hearts leapt, and their eyes could see

VERSE 2 Everything the Scriptures say, in the Prophets, the Law, the Psalms
Touching Jesus, called the Christ, is fulfilled in this gospel song
The Messiah had to suffer, had to rise on the first Lord's Day
We proclaim to every land, true forgiveness in Jesus' name

VERSE 3 We were deaf, but now we hear, Scripture's voice both in type and word
Unbelief that has us chained, has become in our eyes absurd
Did our hearts not burn within us, as he spoke with us on the way
And our hearts still burn with fire, as his Word speaks to us today
