

Dear Friends,

We haven't sent out our letter since both Dave and I were caught with a virus - I have recovered - and Dave is still recovering. So pray as we get our strength back.

Praise - we celebrated our 7th wedding anniversary on the 9th. We took a "day trip" together. Pray as we continue to improve our relationship.

Praise - we were able to purchase 10 computers for our "computer club." We offer these computers to Pastors, Students at Institutes and others who need computers. The advantage this was - we can purchase computers on sale and they can pay us in 10-12 installments. Pray that they will be faithful in paying so we can get computers for others who need them.

Pray as we talk with the ones who will be working to begin the ministry in this area. It is a large area with lots of "cults" already well established. We have a couple who have offered their house - pray that we may know if it is in the right location for attracting people to our ministry.

Thanks so much for your faithful part in our ministry here. We are thankful to see progress being made with the recording of the church's finances. Pray with us that we may be able to impress on them the importance of very accurate record-keeping.

In Christ
Dave and Nancy
