

NEW Teacher Training Classes. A new series of teacher training classes will begin in September and meet the 2nd Sunday of every month during the Sunday School hour (not including the summer months). This series will include twelve stand-alone lessons that will be repeated on a rotating basis. The classes are open to all, but they are designed to help new or aspiring teachers develop teaching skills and experienced teachers to strengthen theirs. Topics will be generic enough to benefit teachers of any age class, but they lean toward teachers of Jr High through Adults. Trainees may pick and choose those classes they feel will be most helpful. Leaders of these Teacher Training Classes will vary. The class schedule is as follows:
