Advanced Degree Program for International Pastors

T-NET Goal: Finish the Great Commission

Training Network International

T-Net's Mission is to coach pastors and church leaders to ***finish*** the Great Commission in their own congregations, regions, and in every country of the world.

The Vision of T-Net International ...

To establish an indigenously led and funded, multiplying, disciple making, church-planting and revitalization movement in each of the 227 countries of the world, and to coach them until the Great Commission is ***finished***.

Every pastor is equipped not only to train their congregation, but to train other pastors in order that the Great Commission can be finished in their country within their lifetime!

The T-Net training has been used by over 50 denominations in 25+ countries around the world.

Graduates of T-Net may now earn a Bachelor of Ministry, Master of Ministry and Doctorate degree without leaving their home or church.

**Go therefore and make disciples
Of all nations...Matthew 28:18-20**
