### **Core Value:**

**4. A Community of Grace-** The gospel of Jesus Christ is a gospel of grace. Having been rescued from our sin by the grace of God, we want to create an environment where we remind one another of grace especially when we make mistakes. Seeing the church as the primary context for growing in this gospel of grace, we will regularly talk about the evidences of God's grace, point one another to our need for Christ, fight

alongside one another against sin with the promises of God, and act in His grace for the joy of the church and for His glory (Acts 20:24; Galatians 1:6; Ephesians 2:8).
