

Thinking GOVERNANCE

A two-hour workshop for governors and diocesan staff on how to get the very best from Thinking Governance, a new strategic governance resource for primary schools, high schools and dioceses, developed by the National Society.

It has been designed to help governors get a grip on that most elusive and complex of issues – clarity of vision, ethos and strategic direction for their school, and it does so in a radically new and simple way.

The workshop will be led by the resource's author, Mark Craig. Mark is one of the sector's most experienced strategic governance practitioners in relation to Church schools.

The Thinking Governance workshop will be followed by an additional 45 minute session on the key role of foundation governors, again led by Mark.

Thinking GOVERNANCE

Gweithdy dwy awr i lywodraethwyr a staff esgobaethol ynglŷn sut i gael y gorau allan o Ystyried Llywodraethiant, adnodd llywodraethiant strategol newydd i ysgolion cynradd, ysgolion uwchradd ac esgobaethau, a ddatblygwyd gan y Gymdeithas Genedlaethol.

Cafodd ei lunio i helpu llywodraethwyr fynd i'r afael â'r pwnc mwyaf dyrys a chymhleth hwnnw – eglurder gweledigaeth, ethos a chyfeiriad strategol i'w hyssgol, ac yn gwneud hynny mewn modd radical newydd a syml.

Bydd y gweithdy dan arweiniad awdur yr adnodd, Mark Craig. Mae Mark yn un o ymarferwyr llywodraethiant strategol mwyaf profiadol y sector mewn perthynas ag ysgolion Eglwys.

Bydd sesiwn 45 munud ychwanegol yn dilyn y gweithdy Ystyried Llywodraethiant, i drafod rôl allweddol ymddiriedolwyr sefydledig, eto dan arweiniad Mark.
